QUESTIONS AND ANSWERS

Will you have the kindness to inform me what you think the prospects are for a family of four to come to Honolulu and settle—grow up with the country?

We consist of myself, wife, son 15 years of age and my wife's sister.

Capabilities of each:—

My wife is a teacher of china painting. Her sister is a fine pianist and able to play as accompanist at concerts and private gatherings. My son wants to get into some good business where he can stay and advance. Of myself it is not so easy to enumerate.

I am 48 but in good health and able to do most anything. I was assistant clerk of the Massachusetts Senate nine years. Clerk of Massachusetts Commission on Taxation during their term of service—one year. Retail shoe dealer in Boston three years. Owned half interest in a letter file and index business two years. Came to California and sunk \$40,000 in an irrigation company. In real estate two years. I can do all kinds of office work, am a good correspondent, secretary, salesman, etc. Was clerk and manager of a hotel for about a year and a half. Do not think because my life has been varied that I cannot settle down to one thing.

I want to find some good place where I can earn enough to support my family, and am willing to take hold of anything. Would like the corresponding for some importing and exporting house, but would take a clerk's or salesman's place. Would go into a hotel as clerk, or in any office for such work as I could get. The outs are that I am not a typewriter, but could learn; nor am I a stenographer. Neither do I want to do bookkeeping, but would assist and do any part except to have full charge for the reason that, although I can keep books, it is a dog's life. Would take a cashier's place in any kind of business. With the exception of these three things—bookkeeping, stenography and typewriting, I am able to do most anything else.

For newspaper work, I have corresponded for over a year for a Boston weekly from France, Italy and Germany. That was in 1876-7, and I can read and correct proof sheets. I believe this covers about all, and I have mentioned these things because I suppose you would like to know in order to advise me in regard to coming out. If you could secure me something into which I could at once step, I would not hesitate a moment to leave here. Would such a thing be possible?

I can give you such references as Hon. John Hay, Secretary of State; Hon. John D. Long, Secretary of the Navy; Hon. Selwyn Z. Bowman of Boston, ex-member of Congress, and many other well known men.

If you can do anything for me and will kindly advise me in regard to coming to Honolulu, I shall be under great obligations to you. Business is overdone here and there are too many people.

A man of your ability ought not to wait long for employment anywhere. It would be impossible to guarantee that you would "drop into" a place to your liking at once. If you want to make application to business houses, those firms advertising in the Bulletin would doubtless place your application on file and remember you when an opening offered.

Important Meeting
of Woman's Board

The regular monthly meeting of the Woman's Board of Missions yesterday afternoon was an interesting session. Miss Murcutt addressed the meeting on reforms that are needed in Honolulu. She related her observations at Iwilei and repeated her former statement that such an institution of slavery exists nowhere else on the earth.

In closing her speech, Miss Murcutt announced that she would lecture next week at the Y. M. C. A. hall. She will speak of the Passion Play as witnessed last summer at Oberammergau. She will also use stereoscopic views.

A number of reports from various branches of the Woman's Board, were read. The treasurer's report showed \$122.30 on hand. Miss Talcutt told of the work on Hawaii and Maui and Mrs. Fread spoke for the Hawaiian Woman's Club. She reported the Hilo branch of this organization in a flourishing condition. Mrs. Theodore Richards read a letter from Mrs. De La Porte, a missionary in Pleasant Island. Mrs. Pratt related some of her recent observations in the Indian mission in the Southwest-ern States.

Coal Prices in New South Wales

Conant Godling writes from Newcastle, under date of November 6, 1900, that through an agreement of the colliery proprietors, the selling price of coal, which he had previously informed the department would be 9s. (\$2.39) per ton after January 1, 1901, has again been raised to 11s. (\$2.67) per ton.

Samuel McKeanue has just been appointed keeper of the Powder Magazine for the city of Honolulu.

From the Reports of the dealers in this city, we think no proprietary medicine has a larger sale than PAIN-KILLER. Its valuable properties as a speedy cure for pain can not fail to be generally appreciated. In case of accident, or sudden attack of dysentery, diarrhoea, cholera morbus, Montreuil Star. Avoid substitutes, there is but one Pain-Killer, Perry Davis'. Price 25c. and 50c.

To Cure a Headache in 20 minutes take Gessler's Magic Headache Wafers.

AT ALL DRUGGISTS PRICE 10¢ AND 25¢ THE 25¢ SIZE HOLDS FOUR TIMES AS MANY AS THE 10¢.

I will give \$100 REWARD for any antipyrine, morphine, quinine, opium or harmful substance of any kind, found in my headache wafers.
